

Community Engagement Calendar of Events July 2020

Event Name	Date	Time		Location	Service Category
		Start	End		
All events have been canceled amid concerns surrounding COVID-19. We apologize we're unable to be in the community and provide the services the normally do and hope our patrons are taking every precaution they can for their safety. We have included links to our online services that you might find useful or informative. Descriptions with links can be found below.					
Presentations we use to conduct the class on the library's website at http://houstonlibrary.org/learn-explore/computer-classes/ms-office-skills These are always available for download and are what we use regularly.					
The library offer access to Lynda.com http://houstonlibrary.org/learn-explore/blog/houston-we-have-lynda Ordinarily it's a premium service that functions like YouTube, but educational. It boasts a range of courses in addition to in-depth Microsoft Office videos. This is a terrific option for self-paced and self-guided learning. The other courses offered are 3D + Animation, Audio + Music, Business, CAD, Design, Developer, Education + E-Learning, IT, Marketing, Photography, Video and Web.					
Online Language Learning Resources can be found at https://houstonlibrary.org/research/resources-by-category/361 all are free to access but some require a library card. Your students can learn English and many other languages through our services.					
For Students who need online homework help the library provides Brainfuse https://houstonlibrary.org/learn-explore/blog/brainfuse-update for free to all library card holders. This service offers live tutors to our patrons and also provides practice STAR tests. It is for students of all ages, even adults.					
To sign up for a library card, please visit https://houstonlibrary.org/my-link-library-card-registration
