In the morning, they ___________________________________________________________________

They _____________________________________________________________________________

They _____________________________________________________________________________

They _____________________________________________________________________________

In the afternoon, they __________________________________________________________________

They _____________________________________________________________________________

They _____________________________________________________________________________

They _____________________________________________________________________________

In the evening, they __________________________________________________________________

They _____________________________________________________________________________

They _____________________________________________________________________________

They _____________________________________________________________________________

Choose a scenario from below and write down what you might say in the situation. Practice speaking in partners or groups.

**Scenario 1:** Your child’s teacher calls to say that your child is not doing their work properly and struggles with reading. You want to ask the teacher if the school provides resources to help with language learning.

**Scenario 2:** Your grandfather is in a nursing home. He calls to say that the air conditioner in his room is not working. You need to call the nursing home to make sure the air conditioner gets fixed soon.

**Scenario 3:** Your child tells you that they never get selected to speak or answer in class. You need to call the teacher to find out what might be the issue.

**Scenario 4:** You go to the doctor with your elderly mother. The doctor does not appear to be listening to your mother when she describes her symptoms. You need to ask the doctor to listen to your mother.

**Your response:**

__________________________________________________________________________________
