FROM "BROWN PAPER DOLLS FOR HADJI"
BY NATASHA CARRIZOSA

this is for us
me and you hadji
brand new second hands
brown paper dolls
stepping stones
steppin' razors
that cut ourselves
out of being poor

(once upon a time
on 817 may street)
away from paper
from girl of the hood
to woman hood
don't this new cut out coat
(of arms)
look good?

ain't we pretty too?
